**Understanding**
- Azure migration and modernization
- IaaS, PaaS, SaaS
- Lift & Shift

**Migration approach**
- Steps of Migrating Infrastructure, Application and Database on Azure
- Prioritizing cloud migration and modernization

**Maximize value with Azure Infrastructure**
- Security and compliance
- Cost and reliability

### ② Approach

**Education & High level Discussion**
- Cloud migration options, best practices and benefits
- Migration Journey
- Potential approach and solution
- Prioritizing cloud Migration and modernization
- Reference Architectures /Customer Examples
- Demo

### ③ Deliverables

**Understanding on Azure Migration & Modernization**
- Steps for migrating and modernizing Application, Infrastructure and Database
- Journey and approach of moving applications, infrastructure, and data from a company's datacenter to public cloud infrastructure

**Architectural Design Session (Optional)**
- Discussion on how different components come together to make entire solution on high level
- Reference Architecture
- Demo

Up to 2 Hours

**Why Veraqor?**

Innovative engagement with Microsoft Certified Professionals that add values into your business
- Playbook Automation
- Speedy Delivery
- Future envisioning with AI/ML
- Agile Delivery

| Additional areas of focus | |
|---|---|
| **Lift and Shift** | Discussion on moving an application and its associated data to a cloud platform without redesigning the app |
